EXCITING RUNAWAY

Toney's Nag Gets Busy with
Disastrous Results.

"Toney" better known as the hokey-poky man has a great deal of confidence in the Biblical assertion that "a horse is a vain thing for safety." Early this morning Toney was having troubles of his own for his "trusty" steed had a vision that it was once again back on the Arabian desert and breaking its heavy rope which united it to a telephone pole in front of the Hotel Nordica, made a break for freedom.

The result was that Toney's large hokey-poky can was tossed gently into the gutter, scattering the cool cream miscellaneous about the pavement and still "Maude" ran. The animal collided with a telephone pole opposite

Doke's livery barn and demolished the light vehicle. Then it headed towards the brewery but was captured near the terminus of Olney Avenue by two stalwart policemen.

Toney says that the damage will not exceed \$100.

PUBLIC SCHOOLS RESUME WORK

Many New Students are
Enrolled Monday

Closing Term of the School Year
Promises to be a Most
Successful One.

A practical demonstration of Marion's rapid growth was given this morning at the office of Superintendent H. L. Frank when, the scores of new pupils gathered to

enroll for the spring term in the graded schools. There were some twenty-five archais who assembled and practically all of them were from families just recently moving to the city. There were several from the mining districts of West Virginia. Also a number from the cotton fields of Tennessee.

When one of the youths was asked why his parents moved to this city, he replied that his father had received a good job in the big shovel shops here. Superintendent Frank stated that never before in his administration, has there been so many new pupils admitted into the schools at this time of the year. The schools are overflowing with new students and despite the fact that the school board has been building every year, every building is crowded to its full capacity.

All the teachers were in their place at the opening of the spring term this morning, and the closing term of the school year promises to be a highly successful one.

"They Lace In Front"

They Lace In Front.

Since these remarkable innovations in artistic Corsetry have received Fashion's authoritative stamp of approval in Paris, Vienna, London and New York, there is perhaps little to add on their behalf while introducing them to the well-gowned women in our territory.

One stops in wonder and amazement at the simple announcement—"They Lace In Front"—and instantly before the mental vision come pictures of what might have been had this revolutionary idea been given sooner to waiting Woman.

All the hampering drawbacks, all the inconsistencies of dress, all the imperfections of the old-style Corset, all the obstacles to a perfect toilette—all have vanished before the triumphant sweep of "Irresistible" and "The Gossard."

A Corset that you will fit. NOT one that fits you. A distinction and a difference. ASSURING EVERY WOMAN A BETTER FIGURE. An alliance of art and beauty, which gives that elegance of carriage not attainable in ordinary corsets.

They Lace In Front.

Your Figure Adapts Itself With Utmost Ease to the Graceful Lines of These Marvelous Corsets.

This Display Continues Throughout the Coming Week.

An opportunity to investigate the advantages of these beautiful and really remarkable corsets is afforded every woman who will visit our Corset Section this week. Heretofore the price has been the only bar to great popularity. Not every one cared to pay \$25.00 to \$40.00 for a corset.

Now it is different. You can buy a Gossard Front-Laced Corset for as little as \$5.00. The manufacturers have delegated Madame Cochrane, an expert corsetiere, to acquaint the ladies of Marion with this extraordinary corset that is fast making its way into the favor of America's best gowned women.
